

Our Brand Portfolio

Our Brand Portfolio

From admixtures, fibres, flooring to roofing & glazing our brand portfolio is as diverse as it is ever evolving. The strength and diversity of each brand – whether international or regional in scope – enable the group to meet all the needs of construction Industry.

Construction Products Group

 APAM BELGIUM VANDEX GROUP					 Smart Protection	
WATER PROOFING	GLAZING	FLOORING	CONSTRUCTION PRODUCTS & ADMIXTURES	EXPANSION JOINTS & TRANSITION SEALANTS	FIRE PROTECTION	EXTERIOR FACADE INSULATION
Bridge Deck	Silicone Sealants	Epoxy	Fibers	Pre-compressed	Intumescent Coatings	Adhesives
Roofing	EPDM Membranes	Polyurethane	Grouts	Acrylic	Collars	Air/Water/ Vapour barrier

Roof Restoration	Other Accessories	Epoxy Terrazo	Repairs & Repairs & Rehabilitation	Preformed extrusions closed cell foams	Pillows & Bath foams Intumescent strips Primers & Sealants	Textured finishes Continuous insulation
Sealant & Expansion Joints		Densifier	Ligno based	Monolithic polyurethane methacrylate		
Below Ground		Floor hardener	SNF & SMF based	Gun-grade foam		
Water Retaining Structures			PCE based			

TREMCO CPG - OUR EXPERTISE. YOUR SUCCESS

Specification, technical detailing & On site support.

100 years of Trust & Expertise in building material Industry.

Single point of contact for protecting all six sides of building envelope; Foundation to Roof.

Waterproofing solutions for new construction, roof restoration & repairs.

Wide network of trained contractors & applicators for all solutions.

New generation materials & methods to overcome limitations of conventional waterproofing / roofing system.

ISO Certified Manufacturing.

Successfully installed across various projects globally and locally.

Technology solutions which enable Energy Savings, LEED Certified, very Low VOC, Quick return to service.

Global R&D and technology development accredited & certified by leading industrial bodies.

Roofing

TREMPly line of roof membranes delivering high performance built up roofing system.

Product	Description	Typical Uses
Pre-formed Sheet membrane for Roofing		
TREMPly® TPO 1.2, 1.5, 2 mm	TPO Roof Membrane is white single ply roof membrane comprised of an elastomeric thermoplastic polyolefin, reinforced with a high strength, wick resistant polyester fabric. TPO Roof Membrane is asbestos free. It shall be FM approved	Roof waterproofing for Metal, Concrete, composite decks
TREMPly® TPO FB 1.2mm, 1.5, 2 mm	TPO FB Roof Membrane is white single ply roof membrane reinforced with a high strength, wick resistant polyester fabric and backed with a wick resistant non-woven polyester 120 grams fleece. TPO FB Roof Membrane is asbestos free. It shall be FM approved.	Roof waterproofing for Metal, Concrete, composite decks
TPO LV Adhesive	TPO LV Single Ply Bonding Adhesive is a low voe asbestos free solvent based contact-type bonding adhesive. Used for TPO only	To support fully bonded TPO application
TREMPly® KEE	TremPly® KEE and KEE FB (Fleeceback) Systems not only meet or exceed the minimum physical property requirements enumerated in ASTM D6754-15 Standard Specification for Ketone Ethylene Ester (KEE) based sheet roofing, but exceed the physical properties and performance characteristics. It Shall be FM approved.	Roof waterproofing for Metal, Concrete, composite decks
TREMPly® Accessories	TREMCO offer Fully range of Accessories & system which are needed to design a complete roofing system such as fastners, boards, Insulations, detailing elements for different situations	Roof waterproofing for Metal, Concrete, composite decks

FULL LINE OF TREMPly TPO ACCESSORIES DESIGNED TO SAVE ACROSS THE BOARD

Sealants

Single & multi-component sealants for horizontal, vertical applications.

Product	Description	Typical Uses
Expansion Jointing System & Sealants		
Dymonic 100 600 ml	Single-component, moisture tolerant, polyurethane sealant. Movement capability + 100/-50% Elongation 800-900% Hardness 40±5	Precast concrete panel joints, Perimeter caulking, Aluminium, masonry and vinyl siding, Detailing under ExoAir, Paraseal, TREMproof, Vulkem coatings and membranes
Eucolastic 1 NS 600 ml	General purpose single-component, polyurethane sealant. ASTM C-920 Type S, Grade NS, Class 35	Precast concrete Panel Joints, perimeter caulking, aluminium, masonry, Vinyl siding and detailing for TREMproof coatings and Membranes
TREMflex 50 600 ml	A low modulus joint sealant for general purpose application.	Precast concrete Panel Joints, perimeter caulking, aluminium, masonry, Vinyl siding and detailing for TREMproof coatings and Membranes
Tammsflex SL / NS	Two-part Polysulphide Joints Sealant	Water Structures, Petrol Stations, foundation, reservoir, exposed RCC structures
Vulkem® 202 18.9 L	Jet Fuel resistance Polyurethane Sealant for Airfields BS5212: 1990 Types N, F & FB and US. Fed Spec. SS-S-200E:1993.	Airports, Runways, Taxiways, PQC Roads, Pavements, Fuel Stations Areas with Fuel spillage
Dural 340 SL-IN 5 kg	Construction & control joint filler & traffic loop sealant USDA compliant	Concrete Joints indoors, Airport Lighting joints, Food, Beverages, Meat processing Industry, Engineering facilities
Uniseal® 200/90 5 L / 10 L	Jet Fuel resistance Polyurethane Sealant for Airfields BS5212: 1990 Types N, F & FB and US. Fed Spec. SS-S-200E:1993. BS EN 14188-2.	Airports, Runways, Taxiways, PQC Roads, Pavements, Fuel Stations Areas with Fuel spillage

ACCESSORIES

Tremco Construction Products Group, India

Concrete Admixtures

Admixtures that are added to concrete during mixing in order to increase the productivity and improve longevity of concrete.

Fiber Reinforcement

Concrete reinforcing fibers designed to control plastic shrinkage cracks, replacing steel in concrete.

Bonding Agents

Adhesives and bonding agents in low and high modulus versions with varied viscosities to ensure proper bonding.

Cure & Seal

Curing compounds and high performance cure & seal products for a wide range of applications.

Concrete Repair

A range of repair products including patch repair, form & pour and resurfacing & smoothing solutions.

Mining & Tunneling

Pre-cast segments, cast-in-place concrete, and shotcrete products designed for underground construction.

Grouts & Joint Fillers

Grouts to provide essential bearing and support for and joint fillers to prevent the break down of joint edges.

Decorative Concrete

Stamped or stained concrete solutions designed to replicate the natural patterns and textures found in nature.

Industrial Flooring

A wide range of resin flooring solutions to meet the requirements of industrial manufacturing facilities.

Commercial Flooring

A wide range of resin flooring solutions to meet the needs of commercial venues and institutional facilities.

Deck Membranes

A range of car park coatings that enhance visual appearance while preventing water ingress into any car parking structure.

Levelling Compounds

A variety of heavy-duty, self-smoothing, fast drying surface underlayment, surface treatments and DPMs.

Roofing

A range of roof coating solutions to cater extreme weather and has numerous refurbishment options

Waterproofing

Coatings, crystalline treatments, and chemical grouts to prevent the passing of water through concrete surfaces.

Glazing

Close to 20,000 gasket profiles are available along with structural silicone sealants, glazing tapes weather sealants and other ancillary products

External insulation

Exterior Cladding, Energy Efficiency, Continuous Insulation, Air and Weather Barriers, Panelization, Brick Veneer, and Exterior Cladding Renovation
